NEW RANGE NEW COLOURS

FASHION IS AGELESS

VIP has leapt to premium with the 'S' series i.e Skimpys, Skien II and Sensory. The products were built with an agenda to provide a sense of newness to the 'Middle Age' group who tend to step into the style space and want to exit the ordinary style and routine fabrics of their innerwear.

Feelings

EVERYDAY COMFORT

We are thrilled to announce that the stunning supermodel Ujjwala Raut has joined VIP Feelings as its new face!

With her unparalleled beauty, confidence, and iconic presence in the fashion industry, Ujjwala perfectly embodies the essence of our brand.

Ujjwala is one of the most successful overseas Super Model from India. She has walked the ramp for renowned designers like Gucci, Hugo Boss, Roberto Cavalli, Dolce Gabbana and many more.

FOR TEENAGE BOYS

#ThoughtWeCaught

Frenchie U-19 was launched with the idea to solve the most common size issues faced by the parents of boys aged from 13 to 19 years old. It is India's first teen underwear range that has helped in simplifying the choice of parents when it comes to buying perfect-fitted size underwear for their child.

The design of the brand was built by keeping in mind the trends and forecasts for youth who will hang on to the designs and colors that will make them look more cool, comfortable, and stylish

MESSAGE FROM THE
**CHAIRMAN &
MANAGING DIRECTOR**

Mr. Sunil J. Pathare

Dear Shareholders,

Greetings from VIP Management.

As we conclude the financial year 2022-23, I am pleased to share an overview of our company's performance and future strategies.

The year 2022-23 has been a remarkable journey for our company. Despite the challenges posed by the global economic landscape, we have achieved steady growth and maintained our position. I extend my sincere gratitude to each member of VIP team for their unwavering support, which has been instrumental in our success.

In response to the ever-evolving consumer demands, we have decided to change gears and take bold steps towards progress. We are committed to embracing innovation and technology to stay ahead in this competitive market. We have invested ourselves in digital enhancements via the means of social media and performance marketing through Meta, YouTube and Google to boost our sales in the D2C market.

We will also be focusing on building a strong presence across all our online listed marketplaces i.e. Amazon, FlipKart, Nykaa, Myntra etc. and most importantly our own

website that is vipinners.com. Our commitment to digitalization has already begun, and we are rapidly transforming our operations to optimize the efficiency and enhance customer experience. The Digitalization Investment in making company fully SAP driven, connecting with other softwares like Field Assist for Re-distribution sales management, DMS for Distributors Management, dashboard creation at various levels for Data Analysis, HRM Software for performance management and Uniware for D2C sales management is helping company to remain future ready.

Your company has rooted a collection to cater well to the women's lingerie segment through its brand that goes by the name of FEELINGS and also expanded its presence in the kids inner wear segment by the name of BRAT. The fast fashion world is evolving day by day and VIP Clothing also thrives on being a part of it through the means of leisurewear and activewear.

VIP Clothing Ltd. always had a DNA of creating strong and successful brands, building long lasting relationships and innovation in products and marketing.

These are the three winning traits of the VIP journey. Moving forward company is going to Focus on its' DNA and strengthen

“The Leading Innerwear Brand’ from India at the Indo – Arab Leaders’ Summit and Awards 2022, held in Dubai.”

on these 3 traits of success and decided not to look back at backward integration which had been the challenge and hurdle for VIP’s growth.

The company has started its marketing goals and is also focusing on brand strategy which has already started showing success.

The hiring of new talent especially in fields of focus marketing, sales and developments has given positive results to the company. Bringing back the innovation culture of launching products and working style of company employees has been Human Resource driven.

We take pride in saying; VIP and its House of Brands does not only have its presence in India but also in the Middle East and Persian- Gulf Nations.

Your Company is happy to announce that it had received a highly acclaimed award ‘The Leading Innerwear Brand’ from India at the Indo – Arab

Leaders’ Summit and Awards 2022, held in Dubai. After successfully setting its base in the Middle East & Persian Gulf, the company will now focus on expanding its territories to the African Nations.

The company has its manufacturing set ups in two locations, one in Tamil Nadu which is spread across 19.2 acres of land and the other one in Kolkata in the state of West Bengal. The company believes in female empowerment hence in Tamil Nadu we have 1000 workers which consist of 85% women employees. Post Pandemic, the company faced challenges of labour adversity but moving forward, to overcome this challenge the company had planned stabilization of labour by building an additional dormitory and doubling the number of in – house workers from 300 to 600 for added efficiency.

In alignment with sustainability, Your Company also focuses on

clean and green energy where it possesses a Windmill for renewable energy at Coimbatore in the state on Tamil Nadu.

Our ambitious upscaling of the business model is a testament to our determination to drive sustainable growth.

By leveraging our existing strengths and exploring new opportunities, we aim to unlock our company's full potential and create long-term value for all stakeholders.

In conclusion, I want to reaffirm our commitment to the principles of transparency, accountability, and shareholder value. With your continued trust and support, we are confident that the year ahead will be filled with even greater achievements.

“Thank you for being an integral part of our journey. Together, we will forge a prosperous future for our company.”

NOTES:

I. GENERAL INFORMATION

1. Pursuant to the General Circular No. 14/2020 dated April 08, 2020, issued by the Ministry of Corporate Affairs followed by General Circular No. 20/2020 dated May 05, 2020 and General Circular No. 02/2021 dated January 13, 2021 and the General Circular No.: 21/2021 dated December 14, 2021 and the General Circular No.: 02/2022 dated May 05, 2022 and General Circular No. 10/2022 dated December 28, 2022, ("MCA Circulars"), Annual General Meeting (AGM) can be conducted through Video Conferencing (VC) or Other Audio Visual Means (OAVM). Accordingly, physical attendance of the Shareholders at venue is not required. The Board of the Company has decided to adopt the above guidelines issued by MCA in conducting Annual General Meeting of the Company.
2. Since the AGM is being held through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies will not be available for the AGM and hence the Proxy Form and Attendance Slip including Route Map are not annexed to this Notice.
3. In accordance with, circular No. 10/2022 dated 28th December, 2022, the Circular No. 20/2020 dated 5th May, 2020 issued by MCA and Circular No. SEBI/HO/CFD/ CMD1/CIR/P/2020/79 dated 12th May, 2020 issued by SEBI, owing to the difficulties involved in dispatching of physical copies of the financial statements (including Report of Board of Directors, Auditor's report or other documents required to be attached therewith), such statements including the Notice of AGM are being sent in electronic mode to Members whose e-mail address is registered with the Company or the Depository Participant(s).
4. Members attending the AGM through VC/ OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
5. The Register of Members and Share Transfer Books of the Company will remain closed from **Thursday, September 07, 2023 to Thursday, September 14, 2023**. (both days inclusive)
6. Link Intime India Private Limited ("LI IPL") will be providing facility for voting through remote e-Voting, participation in the AGM through VC/OAVM facility and e-Voting during the AGM.
7. Pursuant to the provisions of Section 124(6) of the Companies Act, 2013 and Rule 6 of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended from time to time ("Rules"), the Company is mandatorily required to transfer all such shares in respect of which dividend(s) has not been en-cashed or claimed by the shareholder(s) for last 7 (Seven) consecutive years or more to the Demat Account of IEPF Authority set up by the Central Government. Unclaimed dividend amount and shares which are transferred to IEPF authority earlier can be claimed by the Shareholder by making an application to the IEPF Authority in Form No. IEPF - 5 available on www.iepf.gov.in.
8. SEBI has mandated the submission of Permanent Account Number (PAN) by every securities market participant. Members holding shares in electronic form are therefore requested to submit their PAN to the DP with whom they maintain their demat accounts. Members holding shares in physical form should submit their PAN to Registrar and Share Transfer Agent, Link Intime India Private Limited or Company.
9. Members holding shares in electronic form are requested to intimate immediately about any change in their Residential address or bank mandates to their Depository Participants with whom they are

maintaining their Demat accounts. Members holding shares in physical form are requested to intimate any change of address or bank mandate immediately to the Company at its Registered Office or to our Registrar and Share Transfer Agent, Link Intime India Private Limited, C-101, 247 Park, LBS Marg, Vikhroli (West), Mumbai – 400083.

10. Members who have not registered their e-mail addresses so far, are requested to register their e-mail address for receiving all communications including Annual Report, Notices, Circulars etc., from the Company with their Depository Participants or with our Registrar and Share Transfer Agent, Link Intime India Private Limited.
11. Members desirous of obtaining any information concerning accounts of the Company are requested to address their queries to the Company at least Seven days prior the date of the meeting, through email on investor.relations@viporg.com. The same will be replied accordingly.
12. Members may be aware, that the Equity Shares of the Company have been sub-divided from one equity shares of ₹10/- each to 5 equity shares of ₹ 2/- each, in terms of Resolution passed by the Members of the Company at the Extra Ordinary General Meeting of the Company held on February 1, 2006. The Members who are still holding their share certificate of ₹10/- each of the Company required to exchange the same with new equity shares of ₹ 2/- each by sending the same to the Company's Registrar & Transfer Agent, Link Intime India Private Limited, since the old Share Certificate of ₹10/- each are no longer tradable.
13. In case of joint holders attending the AGM, the Member whose name appears as the first shareholder in the order of names as per the Register of Members of the Company will be entitled to vote.
14. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice convening the Annual General Meeting has been uploaded on the website of the Company at www.vipclothing.in. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited (BSE) and National Stock Exchange of India Limited (NSE) at www.bseindia.com and www.nseindia.com respectively and the Annual General Meeting Notice is also available on the website of Link Intime India Private Limited (agency for providing the remote e-voting facility) namely <https://instavote.linkintime.co>.
15. As per Regulation 40 of the SEBI Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialized form with effect from April 1, 2019, except in case of request received for transmission or transposition and re-lodged transfers of securities. MANAGEMENT DISCUSSION AND ANALYSIS

ECONOMIC OVERVIEW

The outlook for the global economy took a positive turn early in the year. Inflationary pressures began to ease, with global energy prices back at levels last seen prior to the invasion of Ukraine. In addition, base effects from the rise in energy prices following the invasion are now coming off, putting further downward pressure on inflation for the rest of this year. Prices of other commodities as well as global food prices have also eased.

However, domestic inflationary pressures remain relatively elevated in a number of economies, in particular those with tighter labour markets, although even there inflation probably already passed its peak around the second half of last year with headline inflation expected to continue falling this year, and potentially reaching central banks' targets by 2024.

Nevertheless, some positive growth momentum is expected this year from the relatively smooth reopening of the Chinese economy following the lifting of Covid-related restrictions in December last year. The pressure on global supply chains has eased significantly in recent months, while shipping costs have dropped too. This should help alleviate some inflationary pressures and improve supply capacity. Global trade remains relatively weak, although we would expect it to recover this year as trade flows normalize with the reopening of the Chinese economy and a recovery in global growth, while we expect geopolitical tensions to continue to exert some pressure on trade flows over the medium term. Consumer demand is also expected to pick up this year, with excess savings – money saved during the pandemic when spending on certain services was not possible – still relatively high in China and Europe which could potentially be deployed once confidence returns.

INDIAN ECONOMY OVERVIEW

The Indian economy is expected to grow at a healthy pace in the coming year, supported by a number of factors like supply-side reforms and regulatory simplification, which will make it easier for businesses to operate and invest. Strong export growth, as global demand for Indian goods and services continues to rise, will also boost the economy. Budgetary space to increase capital spending, which will boost infrastructure development and job creation, is another factor that will support economic growth.

Inflation is expected to fall in the coming year, to 5% in 2023 and 4% in 2024. This is due to a number of factors, including the government's focus on containing inflation, the decline in global commodity prices, and the improvement in the supply chain.

The gross Goods and Services Tax (GST) collection for FY 2022-23 reached a new high of ₹18.10 lacs crore. This indicates a robust resurgence in the country's economic activities.

Overall, the outlook for the Indian economy is positive. The government's reforms and initiatives are expected to boost economic growth and create jobs. Inflation is expected to fall, and the GST collection is expected to remain strong.

INDIAN TEXTILE AND APPAREL INDUSTRY OVERVIEW

"India, known as one of the world's leading contributors to the global textile industry, has emerged as a key player in the sector. With its status as the largest exporter of cotton and the second-largest producer of fibers worldwide (after China), India's influence on the textile market is substantial. Over the years, the country's garment and textile exports have consistently grown, showcasing its steady expansion in the industry.

The Indian textile industry has exemplified a remarkable journey from "Resilience to Resurgence," owing in large part to the effective handling of the pandemic by Indian authorities. The sector has showcased resilience in overcoming challenges and has now positioned itself for a period of resurgence and renewed growth."

THE EVOLUTION & GROWTH OF INNERWEAR MARKET IN INDIA

"In recent times, the innerwear segment in India has experienced an unprecedented surge in growth, driven by the increasing demand for stylish, sensuous, and high-quality products. What was once considered a basic necessity has now transformed into designer wear, focusing on both style and comfort. Particularly, the women's innerwear, or lingerie, market in India has reached a highly promising phase, witnessing a surge in demand for fashionable, sensuous, and premium innerwear.

The Indian lingerie industry has shed its hush-hush image and evolved into a more open and confident segment. Women are openly expressing their preferences and seeking the most attractive and innovative pieces with a sense of self-assurance. This shift has created an opportunity for brands to experiment with designs, cuts, colors, and styles, allowing for greater creativity and variety. Additionally, alongside the emphasis on innovation, conscious brands and consumers alike have started exploring eco-friendly options within the innerwear range.

Notably, the innerwear category has become a significant revenue generator for both established brands and start-ups, including those operating in the e-commerce space. The market has witnessed remarkable sales figures, showcasing the strong consumer interest and the potential for further growth in the sector."

OPPORTUNITIES

The Indian innerwear market is expected to grow at a CAGR of 10.5% during the forecast period 2022-2027. The growth of the market is attributed to a number of factors, including:

Attractive demographics with a large youth population:

India has a large and young population, which is the primary target market for innerwear brands. The youth are more fashion-conscious and are willing to spend on innerwear products.

Shift in market demand from unbranded products to proven branded products:

There is a growing trend of consumers shifting from unbranded to branded innerwear products. This is driven by a number of factors, including increasing awareness about the benefits of branded innerwear, celebrity endorsements, and the availability of branded products at affordable prices.

Premiumisation trends with consumers up-trading from economy to higher value premium and luxury products:

There is a growing trend of consumers up-trading from economy to higher value premium and luxury innerwear products. This is driven by a number of factors, including increasing disposable incomes, changing lifestyles, and the availability of a wide range of premium and luxury innerwear products.

Work from home and hybrid work trends driving demand for comfort wear products:

The work from home and hybrid work trends have led to an increase in the demand for comfort wear products, including innerwear. This is because consumers are looking for comfortable and stylish innerwear that they can wear throughout the day.

Increased awareness among women about intimate wear products:

There is a growing awareness among women about the importance of wearing comfortable and stylish intimate wear. This is driven by a number of factors, including increasing disposable incomes, changing lifestyles, and the availability of a wide range of intimate wear products.

Trends in more women stepping out for work and participating in the formal workforce, driving both-demand for women innerwear and higher discretionary/disposable incomes:

The number of women stepping out for work and participating in the formal workforce is increasing. This is leading to an increase in the demand for women innerwear, as women are looking for comfortable and stylish innerwear that they can wear to work. The increase in disposable incomes of women is also contributing to the growth of the market.

Overall, the Indian innerwear market is expected to grow at a healthy pace during the forecast period. The growth of the market is being driven by a number of factors, including attractive demographics, increasing awareness about the benefits of branded innerwear, premiumisation trends, work from home and hybrid work trends, and increased awareness among women about intimate wear products.

THE FUTURE OF THE INDIAN TEXTILE INDUSTRY IN 2023 AND BEYOND

For the textiles and apparel sector, the Budget proposes allocation of ₹ 900 crore for Amended Technology Up gradation Fund Scheme (ATUFS) for 2023-2024 as against ₹650 crore for 2022-2023.

USEFUL MEASURES TAKEN BY THE GOVERNMENT FOR THE INDIAN TEXTILE INDUSTRY

"The recently announced Union Budget for the fiscal year 2023-24 reflects the government's priorities for the textiles sector in India. This budget lays the groundwork for sustained growth in the years to come, while also maintaining fiscal prudence. The budget focuses on three fundamental aspects, often referred to as the 3Cs: CAPEX, Consumption, and Credit."

The Union Budget 2023 captures the spirit of employment generation and has several provisions to promote the textile sector's growth in India. The allocation of funds and the launch of new schemes will create a positive impact on the industry, increase production, and boost exports.

INDEPENDENT AUDITOR'S REPORT

To the Members of VIP Clothing Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of VIP Clothing Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (Including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and profit other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management report, Chairman's statement, Director's report, etc. but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles

generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Financial Statements.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.

-
- (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure C”.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 48 to the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv.
 - (1) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (2) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (3) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (1) and (2) above, contain any material mis statement.
 - v. The Company has neither declared nor paid any dividend during the year.
 - vi. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only w.e.f. April 1, 2023, reporting under this clause is not applicable.

-
3. In our opinion, according to information, explanations given to us, the remuneration paid by the Company to its directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON EVEN DATE ON THE FINANCIAL STATEMENTS OF VIP CLOTHING LIMITED

Auditor's Responsibilities for the Audit of the Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the year ended March 31, 2023 and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be

communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

director is interested, in accordance with the provisions of Section 185 of the Act nor made investments through more than two layers of investment companies in accordance with the provisions of Section 186 of the Act. Accordingly, provisions stated in paragraph 3(iv) of the Order are not applicable to the Company.

- v. According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the rules framed there under.
- vi. The provisions of sub-Section (1) of Section 148 of the Act are not applicable to the Company as the Central Government of India has not specified the maintenance of cost records for any of the products of the Company. Accordingly, the provisions stated in paragraph 3(vi) of the Order are not applicable to the Company.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, undisputed statutory dues including Goods and Services tax, provident fund, employees' state insurance, income-tax, duty of customs, cess, and other statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases.

There are no undisputed amounts payable in respect of Goods and Services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, cess, and other statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.

- (b) According to the information and explanation given to us and examination of records of the Company, details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2023 on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount Demanded (in Rs. Lakhs)	Amount Paid (in Rs. Lakhs)	Period to which the amount relates	Forum where dispute is pending	Remarks, if any

ANNEXURE C TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF VIP CLOTHING LIMITED

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of VIP Clothing Limited on the Financial Statements for the year ended March 31, 2023]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to financial statements of VIP Clothing Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2023, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the

design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls With reference to Financial Statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

(Amount in INR lakhs, unless otherwise stated)

1. General information

VIP Clothing Limited (the 'Company') is domiciled in India. The Company was incorporated on January 14, 1991. The Company's Identification No. is L18101MH1991PLC059804. The Company's registered office is at C-6, Road No. 22, MIDC, Andheri (East), Mumbai- 400093. The Company is a leading Manufacturer, Marketing and Distributor of Men's and Women's innerwear and socks under the brand name VIP, Frenchie, Feelings, Leader and Brat. The equity shares of Company are listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE).

2. Significant accounting policies

Significant accounting policies adopted by the Company are as under:

2.1 Basis of preparation of financial statements

a) Statement of Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards "(Ind AS)" notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Act (Ind AS compliant Schedule III), as applicable to the financial statements.

The financial statements have been prepared on accrual & going concern basis. Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

b) Basis of measurement

The financial statements have been prepared on a historical cost convention on accrual basis, except for defined benefit plans - plan assets measured at fair value and certain other financial assets and financial liabilities.

c) Current / non-current classification

The Company has ascertained its operating cycle as twelve months for the purpose of current / non-current classification of its assets and liabilities. The Company presents its assets and liabilities in the balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

d) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the balance sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the balance sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognised in the year in which the estimates are revised and in any future years affected. Refer Note 2.22 for detailed discussion on estimates and judgments.

e) Rounding off of amounts

The financial statements are reported in Indian Rupee which is functional currency of the Company and all the values are rounded to the nearest lakhs (INR 00,000).

2.2 Property, plant and equipment

Freehold land is carried at acquisition cost and is not depreciated. All other items of property, plant and equipment are stated at acquisition cost less accumulated depreciation and impairment, if any. Acquisition cost includes expenditure that is directly attributable to the acquisition of the items.

Spare parts are recognised when they meet the definition of property, plant and equipment, otherwise, such items are classified as inventory.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the year in which they are incurred.

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment, determined as the difference between the sales proceeds and the carrying amount of the asset, is recognized in the Statement of Profit and Loss.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date are classified as capital advances under other non-current assets and the cost of assets which are not ready for intended use before such date are disclosed under 'Capital work-in-progress'.

Depreciation methods, estimated useful lives

Depreciation is recognized (other than on capital work-in-progress) on a straight line method over the estimated useful lives of assets. Depreciation on assets acquired / purchased, sold / discarded during the year is provided on a pro-rata basis from the date of each addition till the date of sale / retirement. Depreciation on sale from property plant and equipment is provided up to the date preceding the date of sale, deduction as the case may be. The estimated useful lives of assets are stated below:

Particulars	Useful life
Leasehold improvement*	Lease period
Building	30 years
Plant and machinery	15 years
Furniture and fixtures	10 years
Vehicles	8 years
Office equipment	5 years
Electrical installations and equipment	10 years
Computers:	
-Servers	6 years
-End user devices such as, desktops, laptops etc.	3 years

*Leasehold improvements are amortised over the lease period, which corresponds with the useful lives of the assets.

Based on the technical expert's assessment of useful life, certain items of property plant and equipment are being depreciated over useful lives different from the prescribed useful lives under Schedule II to the Companies Act, 2013. Management believes that such estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, if any, as appropriate.

2.3 Other intangible assets

Other intangible assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation / depletion and impairment loss, if any. The cost comprises of purchase price and any cost directly attributable to bringing the asset to its working condition for the intended use.

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

Expenditure incurred on acquisition of intangible assets which are not ready to use at the reporting date is disclosed under “Intangible assets under development”.

An intangible asset shall be recognized if, and only if: (a) it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and (b) the cost of the asset can be measured reliably. The entity assesses the probability of expected future economic benefits using reasonable and supportable assumptions that represent management’s best estimate of the set of economic conditions that will exist over the useful life of the asset. An intangible asset is measured initially at cost.

Indefinite-life intangible assets comprises of brands for which there is no foreseeable limit to the period over which they are expected to generate net cash inflows. These are considered to have an indefinite life, given the durability of the brands and the level of marketing support. For indefinite-life intangible assets, the assessment of indefinite life is reviewed annually to determine whether it continues.

Amortisation method and periods

Amortisation is charged on a straight-line basis over the estimated useful lives. The estimated useful lives and amortisation method are reviewed at the end of each annual reporting period, with the effect of any changes in the estimate being accounted for on a prospective basis.

The Company amortises intangible assets (definite useful life) over their estimated useful lives using the straight-line method. The estimated useful lives of intangible assets are as follows:

Other intangible assets	Estimated useful life
Computer software	6 years

Indefinite-life intangible assets i.e. brands are not amortized but are tested for impairment on an annual basis.

2.4 Impairment of non-financial assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognised in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognised for the asset in prior years.

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

For non-financial assets, an assessment is made at each reporting period end or whenever triggering event occurs as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Company makes an estimation of the recoverable amount.

A previously recognised impairment loss is reversed only if there has been a change in the estimations used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, or had no impairment loss been recognised for the asset in prior years.

2.5 Foreign currency transactions

a) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

b) Transactions and balances

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains / losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised in the Statement of Profit and Loss.

All monetary assets and liabilities in foreign currencies are restated at the year end at the exchange rate prevailing at the year end and the exchange differences are recognised in the Statement of Profit and Loss.

2.6 Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ▶ In the principal market for the asset or liability, or
- ▶ In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Company.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. The Company's management determines the policies and procedures for fair value measurement such as derivative instrument.

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ▶ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

2.7 Revenue Recognition

The Company has adopted Ind AS 115 "Revenue from Contracts with Customers" with modified retrospective approach. Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue to be recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services.

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, Goods and service tax and amounts collected on behalf of third parties.

Sale of goods

Revenue from sale of goods is recognized at the point in time when control of the goods is transferred to the customer. The revenue is measured on the basis of the consideration defined in the contract with customer, including variable consideration, such as discounts, or other contractual reductions.

Sale of services

The Company recognises revenue as or when the performance obligation in relation the service is satisfied by the Company based on terms of the agreements with customers and there are no unfulfilled obligations.

Revenue in excess of invoices are classified as unbilled revenue, while invoicing in excess of revenue are classified income received in advance.

Insurance claims are recognised when its amount can be measured reliably, and ultimate collection is reasonably certain.

Interest income is recognised on a basis of effective interest method as set out in Ind AS 109, Financial Instruments, and where no significant uncertainty as to measurability or collectability exists.

Other operating revenue - export incentives

Export incentives under various schemes are accounted in the year of export on accrual basis when there is no uncertainty in receiving the same.

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

2.8 Taxes

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

a) Current income tax

Current tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the year-end date. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b) Deferred tax

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum Alternate Tax (MAT) credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

2.9 Leases

The Company's lease asset classes primarily consist of leases for Buildings and Plant & Machineries. The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) The contract involves the use of an identified asset
- (ii) The Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) The Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short-term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as cash flows from financing activities.

2.10 Inventories

Basis of valuation:

Inventories are valued at lower of cost and net realizable value after providing cost of obsolescence, if any. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by-item basis.

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

Method of valuation:

Cost of raw materials, packing materials and stores and spare parts has been determined by using moving weighted average cost method and comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventories to their present location and condition.

Work in progress, manufactured finished goods and traded goods are valued at the lower of cost and net realisable value. Cost of work in progress and manufactured finished goods is determined on the weighted average basis and comprises direct material, cost of conversion and other costs / overheads incurred in bringing these inventories to their present location and condition. Cost of traded goods is determined on a weighted average basis.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

The comparison of cost and net realizable value is made on item by item basis.

2.11 Provisions and contingent liabilities

Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.12 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and short-term deposits net of bank overdraft with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, cash in banks and short-term deposits net of bank overdraft.

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

2.13 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.14 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized when an entity becomes a party to the contractual provisions of the instrument.

a) Financial assets

i. Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

ii. Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortised cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method (EIR).

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

which are recognised in Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to Statement of Profit and Loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

Equity instruments: All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the profit and loss.

iii. Impairment of financial assets

In accordance with Ind AS 109, Financial Instruments, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets that are measured at amortised cost and FVOCI.

For recognition of impairment loss on financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent years, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Life time ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the year end.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension etc.) over the

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss. In balance sheet ECL for financial assets measured at amortised cost is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

iv. Derecognition of financial assets

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognised only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

b) Financial liabilities

i. Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortised cost, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

ii. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognised as well as through the EIR amortization process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

iii. Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss as finance costs.

c) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

d) Derivative instruments and hedge accounting

Derivative financial instruments

The Company enters into a derivative financial instrument such as foreign exchange forward contracts to manage its exposure to foreign exchange rate risks.

Derivatives are initially recognized at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting year. The resulting gain or loss is recognized in Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in Statement of Profit and Loss depends on the nature of the hedge item.

Hedge accounting

The Company designates certain hedging instruments, which include derivatives in respect of foreign currency as either cash flow hedge or fair value hedge. Hedges of foreign currency risk on firm commitments are accounted for as cash flow hedges.

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to hedged risk.

(i) Fair value hedges

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognized in the Statement of Profit and Loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the designated portion of hedging instrument and the change in the hedged item attributable to hedged risk are recognized in the Statement of Profit and Loss in the line item relating to the hedged item.

The Company designates only the spot component for derivative instruments in fair value Hedging relationship. The Company defers changes in the forward element of such instruments in hedging reserve and the same is amortized over the period of the contract.

When the Company designates only the intrinsic value of the option as the hedging instrument, it account for the changes in the time value in OCI. This amount is be removed from OCI and recognized in profit and loss, either over the period of the hedge if the hedge is time related, or when the hedged transaction affects profit and loss if the hedge is transaction related.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. For fair value hedges relating to items carried at amortized cost, the fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortized to profit and loss from that date.

(ii) Cash flow hedges

The effective portion of changes in fair value of derivatives and non-derivatives that are designated and qualify as cash flow hedges is recognized in other comprehensive income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognized immediately in Statement of profit and loss.

Amounts previously recognized in other comprehensive income and accumulated in equity relating to effective portion as described above are reclassified to profit and loss in the years when the hedged item affects profit and loss, in the same line as the recognized hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, such gains or losses are transferred from equity (but not as a reclassification adjustment) and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognized in other

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

comprehensive income and accumulated in equity at that time remains in equity and is recognized when the forecast transaction is ultimately recognized in profit and loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognized immediately in profit and loss.

2.15 Employee benefits

a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognised in respect of employees' services up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current provisions in the balance sheet.

b) Other long-term employee benefit obligations

i. Defined contribution plan

Provident Fund: Contribution towards provident fund is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

Employee's State Insurance Scheme: Contribution towards employees' state insurance scheme is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

ii. Defined benefit plans

Gratuity (funded): The Company provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the other comprehensive income in the year in which they arise.

iii. Other long-term employee benefit obligations

Compensated Absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the statement of profit and loss in the year in which they arise.

2.16 Contributed equity

Equity shares are classified as equity share capital. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2.17 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit or loss for the year after deducting preference dividends and any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.18 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Company has only one reporting segment i.e. Hosiery and others. Hence no separate segment information has been furnished in the financial statements.

2.19 Government grant

Grants from the Government are recognized at their fair value where there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions and grants will be received.

Government grants relating to the purchase of Property, plant and equipment are included in non-financial liabilities as deferred income and are credited to the Statement of Profit and Loss on straight line basis over the expected lives of related assets and presented within other income.

(Amount in INR lakhs, unless otherwise stated)

2.20 Dividends

Provision is made for the amount of any dividend declared, being appropriately authorized and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

2.21 Significant accounting judgments, estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the year-end date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a) Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

b) Useful lives of property, plant and equipment

The Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. During the current year, the directors have determined that no changes are required to the useful lives of assets.

c) Provision for litigations and contingencies

The provision for litigations and contingencies are determined based on evaluation made by the management of the present obligation arising from past events the settlement of which is expected to result in outflow of resources embodying economic benefits, which involves judgements around estimating the ultimate outcome of such past events and measurement of the obligation amount. Due to the judgements involved in such estimations the provisions are sensitive to the actual outcome in future periods.

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

d) Defined benefit plans and other long-term benefits (gratuity benefits and leave encashment)

The cost of the defined benefit plans such as gratuity and leave encashment are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each year end.

The principal assumptions are the discount and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis. For details refer note 37.

e) Impairment of non-financial assets

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating units based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

f) Provision against obsolete and slow-moving inventories

The Company reviews the condition of its inventories and makes provision against obsolete and slow-moving inventory items which are identified as no longer suitable for sale or use. Company estimates the net realisable value for such inventories based primarily on the latest invoice prices and current market conditions. The Company carries out an inventory review at each balance sheet date and makes provision against obsolete and slow-moving items. The Company reassesses the estimation on each balance sheet date.

g) Impairment of financial assets

The Company assesses impairment based on expected credit losses (ECL) model on trade receivables. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

42 Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

No financial assets/liabilities have been valued using level 1 fair value measurements.

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Particulars	As at March 31, 2023	As at March 31, 2022

Management has assessed that Cash and cash equivalents, Other balances with banks, Loans, Trade receivables, Other financial assets, Short term borrowings, Trade payables and Other financial liabilities carried at amortised cost approximate their carrying amounts largely due to the short-term maturities of these instruments.

43 Financial risk management objectives and policies

The Company is exposed to various financial risks. These risks are categorized into market risk, credit risk and liquidity risk. The Company's risk management is coordinated by the Board of Directors and focuses on securing long term and short term cash flows. The Company does not engage in trading of financial assets for speculative purposes.

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include borrowings and derivative financial instruments.

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings. With all other variables held constant, the Company's profit / (loss) before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Increase / decrease in basis points	Effect on profit before tax
2023		
INR	+45	36.88
INR	-45	(36.88)
2022		
INR	+45	43.74
INR	-45	(43.74)

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a different currency from the Company's functional currency).

Particulars	Foreign currency	March 31, 2023		March 31, 2022	
		Foreign currency in lakhs	INR in lakhs	Foreign currency in lakhs	INR in lakhs
Trade receivables	USD	5.37	441.29	5.16	391.30

Notes forming part of the Financial Statements for the year ended March 31, 2023

(Amount in INR lakhs, unless otherwise stated)

In order to hedge exchange rate risk, the Company has a policy to hedge cash flows up to a specific tenure using forward exchange contracts. All hedging activities are carried out in accordance with the Company's internal risk management policies, as approved by the Board of Directors, and in accordance with the applicable regulations where the Company operates.

The Company has also considered the effect of changes, if any, in both counterparty credit risk and own credit risk while assessing hedge effectiveness and measuring hedge ineffectiveness. The Company continues to believe that there is no impact on effectiveness of its hedges.

(iii) Foreign currency sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in the US dollar exchange rate (or any other material currency), with all other variables held constant, of the Company's profit before tax (due to changes in the fair value of monetary assets and liabilities). The Company's exposure to foreign currency changes for all other currencies is not material.

Particulars	Change in US\$ rate	Effect on profit / (loss) before tax
2023	+5	26.84
	-5	(26.84)
2022	+5	25.81
	-5	(25.81)

(B) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk arises principally from the Company's receivables from deposits with landlords and other statutory deposits with regulatory agencies and also arises from cash held with banks and financial institutions. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

The Company limits its exposure to credit risk of cash held with banks by dealing with highly rated banks and institutions and retaining sufficient balances in bank accounts required to meet a month's operational costs. The Management reviews the bank accounts on regular basis and fund drawdowns are planned to ensure that there is minimal surplus cash in bank accounts. The Company does a proper financial and credibility check on the landlords before taking any property on lease and hasn't had a single instance of non-refund of security deposit on vacating the leased property. The Company also in some cases ensure that the notice period rentals are adjusted against the security deposits and only differential, if any, is paid out thereby further mitigating the non-realization risk. The Company does not foresee any credit risks on deposits with regulatory authorities.

(c) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. (For example: The key liquidity risk the Company can face is the risk of subscription fee refund. As per the Company policy, no refunds are allowed once a subscription has been taken and it is only in exceptional cases that fee is refunded with proper approvals from senior Management. The Management believes that the probability of a liquidity risk arising due to fee refund is not there.)

The table below summarizes the maturity profile of the Company's financial liabilities. The amounts are based on contractual undiscounted payments.
